DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Chris Miller on July 22, 2009.

The application has been amended as follows:

23. (Currently Amended) The apparatus as claimed in claim 22 wherein the acquired ECG signal data has been obtained from an ensemble of orthogonal leads is operable such that the QT interval is determined by a first point of intersection.

40. (Canceled)

Allowable Subject Matter

2. Claims 1-39 allowed.

3. The following is an examiner's statement of reasons for allowance: Upon review of the closest relevant prior art, the Examiner was unable to find any method that detects the intersection of a first ECG wave and a second inverted ECG wave and then uses the intersection to obtain an accurate reading of a QT interval of an ECG signal. The art found that is most relevant to Applicant's invention teaches signal separation to

Art Unit: 3766

detect intervals, but the methods rely solely on a single waveform not an intersection of two waveforms, wherein one is inverted.

4. The most relevant art found is as follows: Xue et al. (5,792,065); Guerrero et al. (6,370,423); Mlynash et al. (6,615,075); Guerrero et al. (2002/0138013); Guerrero et al. (2004/0059203).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to GARY A. PORTER, JR whose telephone number is (571)270-5419. The examiner can normally be reached on Monday - Thursday, 8AM - 5PM EST.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Carl Layno can be reached on (571)272-4949. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
